_____ I plan to use cooled shipped semen. There will be a charge of \$275 per shipment for cooled semen. The shipping fee is due 14 days prior to the first shipment. I understand that the FedEx Priority Overnight expense is included in this fee. I also understand that I am responsible for returning the shipping container right away at the most economical shipping rate and that I am responsible for this expense. If additional shipments are needed the \$275 is due at time of ordering. Shipped semen fees are to be paid directly to Goodell Veterinary Clinic.

_____ I intend to take my mare to Goodell Veterinary Clinic in Klamath Falls and understand in addition to the mare related expenses I am responsible for the collection fee in the amount of \$200.

A LIVE FOAL GUARANTEE will only apply as follows:

A) A live foal is described as a new born foal which stands and nurses without assistance. Should the mare not produce a live foal from this breeding, a rebreed will be honored the following year with a rebreed service charge of \$250. Cabin Oaks may require the rebreeding to be performed at the stallion station rather than through cooled semen.

B) For mares that DO NOT CONCEIVE using cooled semen, a rebreed will be honored the following breeding season with a rebreed service charge of \$250. Cabin Oaks may require the rebreed to be performed at the stallion station rather than through cooled semen.

Goodell Veterinary Clinic agrees to ship cooled semen as described above. If a mare fails to settle for any reason, the mare owner will hold Cabin Oaks and Goodell Veterinary Clinic harmless.

A "Breeder's Certificate" will be issued when the stallion owner has been notified that a live foal has been produced and all stallion fees and other expenses have been paid in full.
